The Honorable Mayor of Riverton City  
12830 S. Redwood Rd., Riverton, UT 84065

Dear Mayor Applegarth,

I was very fortunate to have my parents select Riverton City for their place to raise me. I have lived in Riverton for around eleven years. It is a beautiful city and I love the addition of the new park that the city designed and constructed. It is in walking distance from my house and my entire family loves heading to park on a beautiful day to ride ripsticks, bikes, throw frisbees, kick soccer balls, and play games. I have recently noticed that we have multiple service opportunities that could revolve around the beautiful park.

The past couple times that I have been at the park, I have noticed that we have paid park maintenance cleaning the park. While I love having a clean park, I have also noticed a lack of service projects when it isn't Silverrush. I think that it would be possible to eliminate the lack of service issue while at the same time saving money overall on the Riverton City budget.

I propose that we first advertise the service on social media, in major businesses, and on major Riverton websites. Then, I propose we gather a list and organize different tasks with their necessary supplies so that we can assign our volunteers jobs in an orderly fashion.

I strongly believe in helping the community and I know that in Riverton we have the right people to get the help we need. We simply need to provide the opportunity.

Thank you for your time and efforts in serving the community!

Sincerely,  
Monique Welker
